## Pet Summer Safety

Please remember to keep your pets safe during the summer.

Dogs do not sweat like humans and can suffer HEATSTROKE far more easily. Never walk your dog when the temperature is over 85F, their paws burn on hot pavement and hot sand.

Never leave your furry friend alone in a parked vehicle. In just minutes, an animal can suffer severe damage or even potential death. In the state of Nevada, people are prohibited from leaving cats or dogs unattended in parked or standing vehicles during a period of extreme heat or cold or in any other manner that endangers the health or safety of the cat or dog per NRS 574.195. (Classified as a misdemeanor)

Never leave your dog outside in high temps. Pets are not a disposable/fashion status/profit-making accessory but a 10-plus-year commitment that will love you forever!
