

# COMMUNITY DIRECTOR UPDATE

**AUGUST 1, 2024**

## **COMMUNITY ANNOUNCEMENTS**

### *Summertime and Moving – Let’s Make Kindness Contagious!*

Summertime and moving's never easy. Summer brings hot weather & MOVING TRUCKS! Let's show our new neighbors our great sense of community and welcome new families and show the ones that are departing some help and support along the way.

There's nothing like a smile and freshly baked cookies, or a pitcher of iced tea, a pot of coffee or a chilled adult beverage to make a new family feel at home. Ensure new neighbors are included in block parties or potluck meals. Introduce kids to others their age. It's much nicer to have someone to hang out with during the summer for all the families.

## PET SUMMER SAFETY

*Heatstroke can be deadly for pets too!*

Please remember not to leave pets outside for long periods, especially during the summer months, and provide fresh water daily.

If the air is HOT the asphalt is HOTTER! Press the back of your hand firmly against the asphalt for 7 seconds to verify that it will be comfortable for your dog or not.

When the air is this, the temperature has been measured as this! An egg can fry in 5 minutes at 131 DEGREES, AT 125 DEGREES Skin destruction can occur in 60 seconds!

<b>Air Temperature</b>	<b>Asphalt Temperature</b>
77 degrees	125 degrees
86 degrees	135 degrees
87 degrees	143 degrees

Please remember and share that pets are not a disposable/fashion/status but a 10-15-year commitment that will love you forever.

## Good News Story

Thank you to everyone that made it possible for military families to have the opportunity to receive free back-to-school supplies. We appreciate FSS & Operation Homefront for all their hard work and continued partnership.
